Seeking Mentor for adult group, **The Hangout Hive**

The Learning Disabilities Association of Montgomery County, MD. (LDAMC) is seeking a mentor for their sponsored group, the Hangout Hive, which we highly value. The Hangout Hive is a social group of 24+ members (12 core members) who have monthly meetings and several social events each month.

The group serves a wonderful supportive role in our community. From a recent survey of Hangout Hive members: "I have friends. Before this, I didn't have friends. I was depressed and lost. Now I feel happy and accepted."

The mentor's position is to:

- Oversee the planning of events to ensure the logistics and published details will work
- Answer questions about procedures such as annual election (we have a leadership team who take certain responsibilities) – all procedures are in the by-laws which all members have voted to accept
- Be present at the monthly planning meetings but not necessarily at events.
- Approximate time commitment 8 hours per month
- Compensation: \$250 per month

We try to give members responsibility for running the group – planning events is a learning experience. The members are 21 years old + and they welcome new members. This group started 20 years ago and has recently created a video of their thoughts on the hangout hive. You are welcome to view it.

If you are interested, please contact Kelly Tanzi, President LDAMC via email = HOH@hangouthive.org

Thanks!
